50.000N | Total Eraze Clear

TOTAL DECO | Whiteboard films

ABOUT

Total Eraze Clear is a high gloss, transparent PVC film used to create custom white-boards by laminating this product on printed vinyls, walls, cardboards,... Total Eraze Clear is coated with a low energy lacquer, which ensures clean and effortless dry erasing without any ghosting of practically all whiteboard marker inks. Thanks to the thickness of the film (100 micron), this self-adhesive whiteboard is very easy to apply. In order to create custom whiteboards, we strongly recommend combining Total Eraze Clear with our 51.102N | StrongTouch Supreme opaque print film.
We encourage to use our 97.011 | Eraze Marker Black or, when using different markers, to consult the Total Eraze marker compatibility list on our website.

Typical applications:
Meeting and conference rooms, schools and universities, offices, hospitals, sports clubs, bars and restaurants,...

FEATURES

- √ EASILY DRY-ERASED
- √ EASY TO APPLY
- √ NO GHOSTING
- √ PRACTICALLY ALL WHITEBOARD MARKERS
