51.104N | Total Eraze Matt White

TOTAL DECO | Whiteboard Films

ABOUT

Total Eraze Matt White is a matt white PVC film used for whiteboard applications. The low energy lacquer on this film ensures clean and effortless removal of the ink used in whiteboard markers, while the anti-glare topcoat makes this whiteboard film the ideal solution when used in combination with a beamer. Thanks to the High Tack Permanent adhesive, it can be applied to a wide range of surfaces such as painted walls. Total Eraze Matt White is also very easy to apply due to the thickness of the film (150 micron). We encourage to use our 97.011 | Eraze Marker Black or, when using different markers, to consult the 'Total Eraze marker compatibility list' on our website.

Typical applications:
Meeting and conference rooms, schools and universities, offices, hospitals, sports clubs, bars and restaurants, ...

FEATURES

- √ NO GLARE, WORKS WELL WITH BEAMERS
- √ EASY TO APPLY
- √ NO GHOSTING
- √ HIGH TACK ADHESIVE
