50.003N | Extreme Guard 300

TOTAL MARK | Lamination Films

ABOUT

Extreme Guard 300 is a PVC overlaminate that provides your graphics the ultimate protection while maintaining clarity. The 300 micron transparent polymeric vinyl imparts extra thickness which ensures a high degree of durability to graphics in order to withstand UV exposure and tough handling conditions. The high gloss surface will add vibrancy & depth to the print or decal. Suitable for outdoor use up to 5 years. Achieve the perfect application by combining with the 51.100N-3 | ForceTack Satin White or 40.100N | StrongTack print film.

Typical applications:
Motocross bikes, snow & water scooters, quads, buggy cars, helmets, high-build labels, …

FEATURES

- √ EXTREMELY HIGH DURABILITY
- √ GLOSS OPTICALLY CLEAR
- √ 5 YEAR UV PROTECTION
- √ EXCELLENT COMBO WITH FORCETACK & STRONGTACK PRINT FILMS
